

eBusiness Contact Details

Under The Pensions Trust's Online Pensions Management system (eBusiness), employers are able to complete multiple tasks on-line. These include the submission of pension contributions, leaver processing, and, where applicable internal transfers. In some organisations one person may have responsibility for all of these tasks, in others several staff may be involved and each will require their own login account with appropriate permissions.

Please complete the contact details below so that we can set up the login accounts necessary to meet your requirements. Each contact will be issued with login details that are specifically for their own use, these must not under any circumstances be disclosed to others. Details of your responsibilities regarding the security of login details are covered in the eBusiness Terms and Conditions that your organisation has agreed to. If for any reason your contact details need amending, for example due to changes in staff, you must inform us so we can make the necessary amendments.
